

The Youth Philanthropy Initiative of Indiana (YPII) conducts an annual survey with Community Foundations that promote youth philanthropy through a YP Committee or YP School Program. The data collected is used to “tell the story” of the wonderful work and impact of youth philanthropists making a difference in Indiana communities and serves as a tool for what is trending within Indiana programs.

2015 DATA

28 # of Community Foundations that have Youth Philanthropy Programs representing 29 counties
